

Hello Mike:

I am the developer of the above property and currently maintain care, custody and control of the property. The city of Rochester is the owner in title. Recently we had NYETECH remove underground tanks which you are aware. Attached is the report Steve from NYETECH recently sent me. We have hired Empire Geo Services to do some subsurface investigation and should have a report within the next week or so. It will be our intention to clean up the site once we get this information back. Should you have any questions, please feel free to contact me.

Thank You,

<mailto:johnjr@flowercitymanagement.com> John Billone Jr.

President

Mike,

Yes tanks were registered with PBS (#8-601460).

Dennis

John and Dennis,

Were these tanks registered with the Department's Petroleum Bulk Storage Program? If not, please contact Wendy Stevenson (585-226-5435) to get the proper paperwork to fill out.

Has Empire performed their work yet?

Mike
