>>> Engine 13 - RFD 11/24/2008 6:27 PM >>>
E13 ARRIVED AT 150 VAN AUKER FOR AN EMS CALL AND THE ALARM PANEL SHOWED ALARM ACTIVATION. PANEL WAS SILENCED BUT NOT RESET. PANEL IS IN SAME CONDITION POST ALARM ACTIVATION YESTERDAY WHEN E13 RESPONDED FOR FOOD ON THE STOVE CALL APT 4A. CHECKED APT 4A HEAD IS STILL ACTIVATED BUT NO SMOKE CONDITION IN APT. SECURITY WAS ONSCENE AND INFORMED ON NEED TO RESET ALARM YESTERDAY AND EXPLAINED TO SECURITY TO RESET AGAIN TONIGHT.

I am unsure if the building was without fire service during the previous 24hrs or not. I left a voice mail with fire safety about this as well.

Please do not reply in an email as I do not have an email address to receive it.

Message:

Stephen,

Here is a sketch of a section through the proposed corridor at the Dobson apartments high rise. The existing corridor is 5'-4" wide. We are replacing the existing lights with new lights in the same locations just dropped down with the new ceiling. The new lights are shown on the attached floor plan. Is it acceptable to leave the existing smoke alarms as is, and install a drop ceiling 6" below as shown in the attached sketch. Please call with any questions.

150 VanAuker

NOTICE TO USER:

The Rochester Police/Fire Department responded to an avoidable alarm at this location on the date shown above. This avoidable alarm resulted in an emergency response when in fact no emergency existed. Each year avoidable alarms take a large amount of Police and Fire Department time - time that may be needed for real emergencies.

Under the City of Rochester's alarm ordinance, alarm systems with more than three avoidable alarms will pay an additional $25 for each such alarm as part of the renewal fee. You will be notified by mail when you have had three avoidable alarms and regularly of any additional alarms. If you think that the alarms were unavoidable, you will be offered the opportunity of a hearing after the fourth and subsequent alarms.

If this alarm was not caused deliberately, negligently or accidentally, you may want to contact your alarm dealer to check your system.

If you have no permit for your alarm, a code violation ticket will be issued. If you do not get an alarm permit within 25 days of the ticket, the fine is $100.

For more information on the alarm ordinance and on this alarm, you may contact:

Police Section Crime Prevention Officer, _____
or License/Warrants Unit at 428-6543 for police alarms; or
Fire Safety Division at 428-7037 for fire alarms

From: Russell Merrick
To: LILLD@cityofrochester.gov
Date: 10/14/2006 10:02 am
Subject: Delay in alarm

Lt. Lill,
Saturday morning Oct 14, 2006, while working at Eng. 13 (you old company) we responded to an automatic alarm at 150 Van Auker St. (Incident # 2006-023092) The alarm was activated as a result of burnt food in apartment 10N. Upon investigation it was brought to my attention by the security officer (Steve) that the alarm activated at the building at 08:20 but was not reported by the alarm company to the fire department until 08:41. As you can tell this is a 21 minute delay in notifying the fire department.

Another issue in this is that the security officer just brushed it off. He thought the fire department might have been busy and would respond when they got around to it. After 20 minutes of the alarm going off in the building he called 911 and reset the system. I informed him that we never hold jobs because we are too busy. If we are out on another incident the 911 dispatcher would send another unit. Additionally, I told him to follow up every alarm with a telephone call to the 911 center to avoid this long delay time. I also suggested that he notify the alarm company and register a complaint with them because of this delay.

Several things about this incident are upsetting and I feel need to be check out by Fire Safety. If you need to contact me I can be reached at 208-9310.

Dear Alarm System User or Responsible Party:

Included with this letter is a copy of an Avoidable Alarm Incident Report detailing a response by firefighters to your property. Also included are a summons citing you for failure to obtain an Alarm System Permit, a copy of the Municipal Code dealing with avoidable alarms and an application for an Alarm Permit.

A hearing has been scheduled regarding this violation on the date noted on the summons and will take place at the Municipal Codes Bureau, 42 South Avenue. The fine for this violation is $100.00.

YOU WILL NOT HAVE TO PAY THIS FINE IF YOU OBTAIN AN ALARM SYSTEM PERMIT WITHIN 25 DAYS OF THE ISSUANCE OF THIS SUMMONS. PROOF THAT A PERMIT HAS BEEN ISSUED MUST BE PRESENTED TO THE MUNICIPAL CODES VIOLATION BUREAU, 42 SOUTH AVENUE, PRIOR TO OR AT THE SCHEDULED HEARING.

If you have any questions regarding this avoidable alarm, you may contact me at 585/509-4633 or 585/428-3674 Monday through Friday from 8:00a.m. - 4:00p.m.

Sincerely,

_____

Inter-Departmental Correspondence

To: Lt. Doug Lill , Fire Safety

From: Lt. Charles Regan, E-13 Grp 2

Date: 09/17/06

Subject: 150 Van Auker / Apt 7 H

Sir :

The alarm system at 150 Van Auker is continually showing trouble in apt 7H. I have spoken to the security personal on three occasions to request repair. Security has passed this request on to the management with no results.
I have also noticed that more tenants at 150 Van Auker have been hanging cloth on all the wall surfaces of their apartment, this could be a fire hazzard.

Thank You

Lt. Charles Regan
Engine 13, grp 2

NOTICE TO USER:

The Rochester Police/Fire Department responded to an avoidable alarm at this location on the date shown above. This avoidable alarm resulted in an emergency response when in fact no emergency existed. Each year avoidable alarms take a large amount of Police and Fire Department time - time that may be needed for real emergencies.

Under the City of Rochester's alarm ordinance, alarm systems with more than three avoidable alarms will pay an additional $25 for each such alarm as part of the renewal fee. You will be notified by mail when you have had three avoidable alarms and regularly of any additional alarms. If you think that the alarms were unavoidable, you will be offered the opportunity of a hearing after the fourth and subsequent alarms.

If this alarm was not caused deliberately, negligently or accidentally, you may want to contact your alarm dealer to check your system.

If you have no permit for your alarm, a code violation ticket will be issued. If you do not get an alarm permit within 25 days of the ticket, the fine is $100.

For more information on the alarm ordinance and on this alarm, you may contact:

Police Section Crime Prevention Officer, _____,
or License/Warrants Unit at 428-6543 for police alarms; or
Fire Safety Division at 428-7037 for fire alarms

NOTICE TO USER:

The Rochester Police/Fire Department responded to an avoidable alarm at this location on the date shown above. This avoidable alarm resulted in an emergency response when in fact no emergency existed. Each year avoidable alarms take a large amount of Police and Fire Department time - time that may be needed for real emergencies.

Under the City of Rochester's alarm ordinance, alarm systems with more than three avoidable alarms will pay an additional $25 for each such alarm as part of the renewal fee. You will be notified by mail when you have had three avoidable alarms and regularly of any additional alarms. If you think that the alarms were unavoidable, you will be offered the opportunity of a hearing after the fourth and subsequent alarms.

If this alarm was not caused deliberately, negligently or accidentally, you may want to contact your alarm dealer to check your system.

If you have no permit for your alarm, a code violation ticket will be issued. If you do not get an alarm permit within 25 days of the ticket, the fine is $100.

For more information on the alarm ordinance and on this alarm, you may contact:

Police Section Crime Prevention Officer, _____,
or License/Warrants Unit at 428-6543 for police alarms; or
Fire Safety Division at 428-7037 for fire alarms

NOTICE TO USER:

The Rochester Police/Fire Department responded to an avoidable alarm at this location on the date shown above. This avoidable alarm resulted in an emergency response when in fact no emergency existed. Each year avoidable alarms take a large amount of Police and Fire Department time - time that may be needed for real emergencies.

Under the City of Rochester's alarm ordinance, alarm systems with more than three avoidable alarms will pay an additional $25 for each such alarm as part of the renewal fee. You will be notified by mail when you have had three avoidable alarms and regularly of any additional alarms. If you think that the alarms were unavoidable, you will be offered the opportunity of a hearing after the fourth and subsequent alarms.

If this alarm was not caused deliberately, negligently or accidentally, you may want to contact your alarm dealer to check your system.

If you have no permit for your alarm, a code violation ticket will be issued. If you do not get an alarm permit within 25 days of the ticket, the fine is $100.

For more information on the alarm ordinance and on this alarm, you may contact:

Police Section Crime Prevention Officer, _____,
or License/Warrants Unit at 428-6544 for police alarms; or
Fire Safety Division at 428-7037 for fire alarms.

The Rochester Police/Fire Department responded to an avoidable alarm at this location on the date shown above. This avoidable alarm resulted in an emergency response when in fact no emergency existed. Each year avoidable alarms take a large amount of Police and Fire Department time - time that may be needed for real emergencies.

Under the City of Rochester's alarm ordinance, alarm systems with more than three avoidable alarms will pay an additional $25 for each such alarm as part of the renewal fee. You will be notified by mail when you have had three avoidable alarms and regularly of any additional alarms. If you think that the alarms were unavoidable, you will be offered the opportunity of a hearing after the fourth and subsequent alarms.

If this alarm was not caused deliberately, negligently or accidentally, you may want to contact your alarm dealer to check your system.

If you have no permit for your alarm, a code violation ticket will be issued. If you do not get an alarm permit within 25 days of the ticket, the fine is $100.

For more information on the alarm ordinance and on this alarm, you may contact:

Police Section Crime Prevention Officer, _____,
or License/Warrants Unit at 428-6543 for police alarms; or
Fire Safety Division at 428-7037 for fire alarms

PERMIT

DATE 10/04/04

For keeping, storing, using, installing, manufacturing, handling, transporting, or otherwise employing flammable, combustible, or explosive materials, or materials, processes, or equipment, which if improperly used may produce conditions hazardous to life or property.

TO WHOM IT MAY CONCERN:
By virtue of the provisions of the Fire Prevention Code of the City of Rochester, NY.,

URBAN PARK APARTMENTS
150 VAN AUKER ST

05-10156	PERMIT NUMBER

having made application in due form, and as the conditions, surroundings, and arrangements are, in my opinion, such that the intent of the Fire Prevention Code can be observed, authority is hereby given and this PERMIT is GRANTED for:

PERMIT CODE	PERMIT CATAGORY	FEE
5412B10C1	FLAM/COMB LQD CLS I,II,III	$ 70
5412B12H	HIGHLY TOXIC MATERIAL	$ 70

TOTAL $ 140

This PERMIT is issued and accepted on condition that all Fire Prevention Code provisions now adopted, or that may hereafter be adopted, shall be complied with, and said PERMIT will become valid only after receipt of total fee payment.

THIS PERMIT EXPIRES 10/31/05

This permit does not take the place of any License required by law and is not transferable. Any change in the use or occupancy of premises shall require a new permit.

FIRE MARSHAL

THIS PERMIT MUST AT ALL TIMES BE KEPT ON FILE AT THE PREMISES MENTIONED ABOVE

Please return this part with payment

NOTICE TO USER:

The Rochester Police/Fire Department responded to an avoidable alarm at this location on the date shown above. This avoidable alarm resulted in an emergency response when in fact no emergency existed. Each year avoidable alarms take a large amount of Police and Fire Department time - time that may be needed for real emergencies.

Under the City of Rochester's alarm ordinance, alarm systems with more than three avoidable alarms will pay an additional $25 for each such alarm as part of the renewal fee. You will be notified by mail when you have had three avoidable alarms and regularly of any additional alarms. If you think that the alarms were unavoidable, you will be offered the opportunity of a hearing after the fourth and subsequent alarms.

If this alarm was not caused deliberately, negligently or accidentally, you may want to contact your alarm dealer to check your system.

If you have no permit for your alarm, a code violation ticket will be issued. If you do not get an alarm permit within 25 days of the ticket, the fine is $100.

For more information on the alarm ordinance and on this alarm, you may contact:

Police Section Crime Prevention Officer, _____,
or License/Warrants Unit at 428-6544 for police alarms; or
Fire Safety Division at 428-7037 for fire alarms.

FIRE ALARM INSPECTION REPORT

Dorothy Dobson
Complex Director
Urban Park Apartments
150 Van Auker St.
Rochester, NY 14608

Thank you for choosing SimplexGrinnell as the provider of your Fire Alarm Inspection services, which were completed on March 5, 2004.

The following devices were in trouble upon our arrival:
1) Apartment 3H "Wrong Device"
2) Apartment 3L "Wrong Device"
3) Apartment 6C "No Answer"
4) Apartment 6G "No Answer"

We repaired and tersted apartment 6C today. It is now OK.

The other 3 apartments need the smoke detector base replaced. It is a SimplexGrinnell part #4098-9794.

The Fire Alarm that was activated early this morning in apartment 2D did come in properly to the alarm panel as the alarm history clearly shows. There may have been some confusion as to the location because of the existing trouble alarms on the panel.

FIRE ALARM PROCEDURES FOR SECURITY

1. CHECK ALARM PANEL TO SEE WHERE ALARM IS ORIGINATING FROM

2. BRING BOTH ELEVATORS TO THE FIRST FLOOR AND LOCK

3. HAVE THE OTHER GUARD USE THE STAIRS TO CHECK OUT THE FIRE ALARM (IF ALONE DO IT YOURSELF)

   A. IF THE RESIDENT IS HOME AND THERE IS NO DAMAGE - DO NOT CALL ANYONE.

   - WRITE A FULL REPORT

   B. IF THE RESIDENT IS HOME AND THERE IS DAMAGE OTHER THAN SMOKE CALL;

   ENSLEY HOUSTON
   JANELLE MCCLAIN - IF UNABLE TO REACH CALL
   JAMES DOBSON

   - WRITE A FULL REPORT

   C. IF THE RESIDENT IS NOT HOME, CALL IN THIS ORDER;

   ENSLEY HOUSTON
   JANELLE MCCLAIN / JAMES DOBSON
   BENFORD BAXTER
   ELMORE DOWDELL

   - WRITE A FULL REPORT

4. EXPLAIN PROBLEM TO FIRE DEPARTMENT WHEN THEY ARRIVE

5. THERE WILL BE TWO SETS OF KEYS FOR THE FIRE DEPARTMENT TO USE **IF NEEDED**

   - STAIRWELL KEYS - LOBBY DOOR KEYS - ROOF KEY

   THESE KEYS WILL BE KEPT IN THE SECURITY BOOTH

6. IF THERE IS A MAJOR FIRE, THERE WILL BE FIREMEN IN **WHITE COATS**, THESE FIREMEN WILL BE IN CHARGE AND ARE THE PEOPLE YOU WOULD BE WORKING WITH AND EXPLAINING WHERE THINGS ARE.

7. RESET PANEL AFTER FIRE DEPARTMENT LEAVES

8. IN B AND C ABOVE MS. MCCLAIN OR MR. DOBSON IN THAT ORDER MUST BE CALLED. THERE IS NO EXCEPTION TO THIS PROCEDURE. WHEN THE RESIDENT IS NOT HOME IMMEDIATE EFFORTS MUST BE MADE TO LOCATE SOMEONE TO OPEN THE DOOR. ACT QUICKLY TO ACCOMPLISH THIS.

8/27 Steve

MEMORANDUM

TO: ALL EMPLOYEES

FROM: JANELLE MCCLAIN, COMPLEX MANAGER

DATE : JULY 14, 2000

SUBJECT: STAIRWAY FIRE DOORS

DURING A RECENT INSPECTION BY THE ROCHESTER FIRE DEPARTMENT, IT WAS NOTED THAT SEVERAL OF THE STAIRWELL FIRE DOORS AT THE END OF THE HALLWAYS WERE OPEN.

THESE DOORS MUST BE CLOSED AT ALL TIMES, DO NOT PROP OPEN THE DOORS FOR ANY REASON.

IF YOU FIND A DOOR OPEN, PLEASE CLOSE IT.

SECURITY MUST;

USE THE STAIRWAY WHEN MAKING THEIR ROUNDS.
MAKE SURE ALL HALLWAY DOORS ARE CLOSED EACH AND EVERY ROUND.

MAINTENANCE:

IF YOU FIND A DOOR OPEN, PLEASE CLOSE IT.

ANYONE FOUND CONSISTENLY OPENING OR LEAVING THE STAIRWELL DOORS OPEN, WILL BE SUBJECT TO TERMINATION FOR ENDANGERING THE HEALTH AND SAFETY OF THE RESIDENTS

CITY & STATE Rochester, NY ZIP 14608
ATT. 436-8800

BUILDING OR LOCATION INSPECTED Same
INSPECTOR Jim
GRINNELL OFFICE Roch PHONE NO. 288-620
DATE 3-8-00

	Yes	N.A.‡	No*
1. GENERAL			
A. (To be answered by the Owner or Owner's representative)			
a. Have there been any changes in the occupancy classification, machinery or operations since the last inspection?			X
b. Have there been any changes or repairs to the fire protection systems since the last inspection?			X
c. If a fire has occurred since the last inspection, have all damaged sprinkler system components been replaced?		X	
d. Has the piping in all dry systems been checked for proper pitch within the past five years? Date last checked ..... (checking is recommended at least every 5 years)		X	
e. Has the piping in all systems been checked for obstructive materials? Date last checked NO Pure (checking is recommended at least every 5 years)			X
f. Have all fire pumps been tested to their full capacity through the use of hose streams or flow meters within the past 12 months?	X		
g. Are gravity, surface or pressure tanks protected from freezing?		X	
h. Are any of the sprinklers 50 years old or older? ..... (testing and/or replacement is recommended for such sprinklers)			X
i. Are any extra high temperature solder sprinklers regularly exposed to termperatures near 300°F?		X	
B. (To be answered by the inspector)			
a. Have the sprinkler systems been extended to all visible areas of the building? All areas are Not Covered			X
b. Does there appear to be proper clearance between the top of all storage and the sprinkler deflector? 18" Clearance Needed	X		
c. Are the building areas protected by a wet system, heated, including its blind attics and perimeter areas, where accessible?	X		
d. Are all visible exterior openings protected against the entrance of cold air?	X		
2. CONTROL VALVES			
a. Are all sprinkler system main control valves and all other valves in the appropriate open or closed position?	X		
b. Are all control valves sealed or supervised in the open position?	X		

Control Valves	No. of Valves	Type	Easily Accessible		Signs		Valve Open		Secured? If yes, how?		(Sealed?) (Locked?) (Supvd.?)	Supervision Operational

8. ALARMS			
a. Did the water motors and gong operate during testing?		X	
b. Did the electric alarms operate during testing? Pulled Flow switch by hand.	X		
c. Did the supervisory alarms operate during testing?		X	
9. SPRINKLERS — PIPING			
a. Do sprinklers generally appear to be in good external condition?	X		
b. Do sprinklers generally appear to be free of corrosion, paint, or loading and visible obstructions?	X		
c. Are extra sprinklers available on the premises?		X	
d. Does the exterior condition of piping, drain valves, check valves, hangers, pressure gauges, open sprinklers and strainers appear to be satisfactory?			X
e. Does the hand hose on the sprinkler system appear to be in satisfactory condition?	X		

10. EXPLANATION OF "NO" ANSWERS (For Sections 1B thru 9):

Pulled flow switch by hand, garbage shoot was full could not run water.

11. THE INSPECTOR SUGGESTS THE FOLLOWING NECESSARY IMPROVEMENTS. HOWEVER, THESE SUGGESTIONS ARE NOT THE RESULT OF AN ENGINEERING SURVEY:

Hydrostatically test all fire hoses or have them removed
Replace 2 water pressure gauges
Replace flow switch because old flow switch will only function when pulled by hand.

12. ADJUSTMENTS OR CORRECTIONS MADE:

Worked valves, ~~flowed water~~, Worked valves

13. LIST CHANGES IN THE OCCUPANCY HAZARD OR FIRE PROTECTION EQUIPMENT, AS ADVISED BY THE OWNER IN SECTION 1A:

14. INSPECTION AND SUGGESTED IMPROVEMENTS WERE DISCUSSED WITH THE UNDERSIGNED OWNER OR OWNER'S REPRESENTATIVE:

Rochester, New York 14608

Dear Mr. Robinson:

Subject: Property No. 012-55105, Urban Park Apartments, Rochester, N.Y.

Your property has been cited by the Department's contract inspector during the most recent REAC physical inspection as having Exigent Health and Safety (EHS) deficiencies; specifically, smoke detectors on each floor of the townhouses.. You, or a representative of yours, were given a detailed notification of the EHS problem(s). The deficiencies must be corrected or mitigated immediately (if not already done so).

You, or owner, are required to advise this office by return mail of the completion of the repairs. Send your letter directly to me. The fax number is 551-3252.

Failure to respond may result in abatement or cancellation of your Section 8 contract(s). Also, these deficiencies may be violations of your Regulatory Agreement.

Should you have any questions you may contact me on 716 551-5755, Ext. 5516

Very Sincerely Yours,

G. Scharmach

BUILDING OR LOCATION INSPECTED Same
INSPECTOR Jim
GRINNELL OFFICE Roch PHONE NO 288-6200
DATE 3-18-99

	Yes	N.A.‡	No*
GENERAL			
A (To be answered by the Owner or Owner's representative)			
a. Have there been any changes in the occupancy classification, machinery or operations since the last inspection?			X
b. Have there been any changes or repairs to the fire protection systems since the last inspection?			X
c. If a fire has occurred since the last inspection, have all damaged sprinkler system components been replaced?		X	
d. Has the piping in all dry systems been checked for proper pitch within the past five years? (checking is recommended at least every 5 years) Date last checked			X
e. Has the piping in all systems been checked for obstructive materials? (checking is recommended at least every 5 years) Date last checked			X
f. Have all fire pumps been tested to their full capacity through the use of hose streams or flow meters within the past 12 months?		X	
g. Are gravity, surface or pressure tanks protected from freezing?			X
h. Are any of the sprinklers 50 years old or older? (testing and/or replacement is recommended for such sprinklers)		X	
i. Are any extra high temperature solder sprinklers regularly exposed to termperatures near 300°F?			X
B (To be answered by the inspector)			
a. Have the sprinkler systems been extended to all visible areas of the building? 18" clearance Needed	X		
b. Does there appear to be proper clearance between the top of all storage and the sprinkler deflector?	X		
c. Are the building areas protected by a wet system, heated, including its blind attics and perimeter areas, where accessible?	X		
d. Are all visible exterior openings protected against the entrance of cold air?			
CONTROL VALVES			
a. Are all sprinkler system main control valves and all other valves in the appropriate open or closed position?	X		
b. Are all control valves sealed or supervised in the open position?	X		

Control Valves	No. of Valves	Type	Easily Accessible Yes	Easily Accessible No	Signs Yes	Signs No	Valve Open Yes	Valve Open No	Secured? If yes, how? Yes	Secured? If yes, how? No	Secured? (Sealed?) (Locked?) (Supvd.?)	Supervision Operational Yes	Supervision Operational No

b. Do sprinklers generally appear to be free of corrosion, paint, or loading and visible obstructions?	X		
c. Are extra sprinklers available on the premises?			
d. Does the exterior condition of piping, drain valves, check valves, hangers, pressure gauges, open sprinklers and strainers appear to be satisfactory? Water Gauge Bad			X
e. Does the hand hose on the sprinkler system appear to be in satisfactory condition?	X		

EXPLANATION OF "NO" ANSWERS (For Sections 1B thru 9):

1 at Rt Pump

H2224

THE INSPECTOR SUGGESTS THE FOLLOWING NECESSARY IMPROVEMENTS. HOWEVER, THESE SUGGESTIONS ARE NOT THE RESULT OF AN ENGINEERING SURVEY:

Need 1 Water Gauge To Replace broken water Gauge.
Replace 1 Leaking CRANE Check valve.
Need 1 Hose Connection Cap for Riser Right angle valve

ADJUSTMENTS OR CORRECTIONS MADE:

Ran Pump ; Ran Bell

LIST CHANGES IN THE OCCUPANCY HAZARD OR FIRE PROTECTION EQUIPMENT, AS ADVISED BY THE OWNER IN SECTION 1A:

INSPECTION AND SUGGESTED IMPROVEMENTS WERE DISCUSSED WITH THE UNDERSIGNED OWNER OR OWNER'S REPRESENTATIVE

Signature of owner or owner's representative X [signature] Date 3-18-99

PERMIT

DATE 09/21/98

For keeping, storing, using, installing, manufacturing, handling, transporting, or otherwise employing flammable, combustible, or explosive materials, or materials, processes, or equipment, which if improperly used may produce conditions hazardous to life or property.

TO WHOM IT MAY CONCERN:
By virtue of the provisions of the Fire Prevention Code of the City of Rochester, NY.,

URBAN PARK APARTMENTS
150 VAN AUKER ST

99-10112	PERMIT NUMBER

having made application in due form, and as the conditions, surroundings, and arrangements are, in my opinion, such that the intent of the Fire Prevention Code can be observed, authority is hereby given and this PERMIT is GRANTED for:

PERMIT CODE	PERMIT CATAGORY	FEE
5412B10A	FLAMMABLE LQD STORAGE - CLS I	$ 50
5412B12H	HIGHLY TOXIC MATERIAL	$ 50

TOTAL $ 100

This PERMIT is issued and accepted on condition that all Fire Prevention Code provisions now adopted, or that may hereafter be adopted, shall be complied with, and said PERMIT will become valid only after receipt of total fee payment.

THIS PERMIT EXPIRES 10/31/99

This permit does not take the place of any License required by law and is not transferable. Any change in the use or occupancy of premises shall require a new permit.

FIRE MARSHAL

THIS PERMIT MUST AT ALL TIMES BE KEPT ON FILE AT THE PREMISES MENTIONED ABOVE

Re: Unlocked Fire Alarm Panel Box:

Dear Ms. McClain:

We have received a Field Incident Report from the responding fire company that on January 21, 1999, the fire alarm panel box was reset prior to the fire company's arrival.

This was due to the alarm panel box door being unlocked, and thus giving access to a person or persons unknown, who were able to reset the alarm panel box.

In a letter from me to you, January 26, 1998, this subject was approached. Your response to me with your letter dated February 2, 1999, indicated that the incident was an isolated one and would not occur again. Unfortunately, it has occurred again.

Being that it has been some time between the past incident and this present one, a ticket will not be issued for this occurrence.

However, if in the future, we receive a fire report, or find during our unannounced inspection(s) that this situation is re-occurring, we will then issue a ticket for having an unlocked fire alarm panel box.

Remember, the Fire Alarm Panel Box shall be kept locked at all times. If you have any questions, please contact me at 428 7037.

Sincerely,

Daniel J. Cavuoto

FILE

Lieutenant Daniel J. Cavuoto
Special Inspections Unit
300 Public Safety Building
Rochester, New York 14614

Dear Lt. Cavuoto:,

This letter is in response to your letter dated January 26, 1998 regarding the Fire Alarm Panel Box.

The officer in charge suggested that the Fire Alarm panel box be kept locked to avoid problems with the alarm being reset prior to the Fire Department arrival.

The outside door is kept locked until the fire alarm is sounded. The door is then unlocked so that we are able to find out where the alarm is coming from.

During the incident in question, the Fire Alarm panel box was reset by the maintenance supervisor while the office and security staff were locking the elevator. This was an isolated incident that has never happened before.

The maintenance supervisor had been informed never to reset the alarm panel until the Fire Department says "it is O.K. to reset".

If you have any questions, please contact me at 436-8800.

Sincerely,

Janelle Y. McClain

Rochester, New York 14608

Dear Ms. McClain:

An incident has come to our attention wherein your Fire Alarm Panel Box is not secured and is in fact accessible to your tenants. Thus the panel box can in fact be subject to vandalism and/or tampering.

The incident with the Fire Alarm Panel Box in question was caused to be reset prior to the Fire Companies arrival. It is my understanding that the Officer in charge suggested that the Fire Alarm Panel Box be kept locked to avoid any future problems. Our understanding is that you did not agree with the Officer's suggestion.

I will remind you that the I.C. Housing Development Fund Company (Urban Park Apartments) is responsible in assuring that the Fire Alarm Panel Box be kept secure at all times, which means the panel box must be kept locked and only those responsible individuals should possess keys to the panel box.

I will trust that you will ensure that the Fire Alarm Panel Box is kept secured (locked) in the future to guard against the aforementioned.

If you have any questions, please contact me at 428 - 7037.

Sincerely,

Daniel J. Cavuoto

Interdepartmental Correspondence

To LT DAN CAVUTO
From LT Stephen LABOSKI
Date 1/23/98
Subject 150 VAN AUKER street

SIR,

We responded to 150 VAN AUKER street for a box alarm. (INC 9801604)

Upon ON arrival, the strobe lights and audible alarm were activated. We inspected the panel and saw "System Normal".

The MANAGER (J. McClain) WAS summoned and we asked her what happened to the alarm panel. She felt one of the tenants had tried to reset the system prior to our arrival. At this time we suggested she keep the panel door locked so this doesn't happen again. She, however, did not agree with us. Perhaps you would have better luck with her.

Respectfully submitted

LT Stephen Laboski ENG 13

Re: Urban Park Apartments - Installation Of Range Vent Hoods:

Dear Ms. McClain:

As requested I visited the Urban Park Apartment complex to observe the effectiveness of the Range Vent Hoods which were installed. The following are my observations.

First and foremost it should be noted that the Rochester Fire Department cannot make the determination as to whether or not the range vent hoods are effective or not, as we are not expert in this field. You should consult an expert such as the manufacturer or an HVAC expert (Heating, Venting, Air Conditioning).

The range vent hoods do not exhaust to the outside and in fact are self contained and thus the only way of knowing as to whether they will be effective in the kitchen area is to see if the number of alarms are reduced once the range vent hoods are installed. Again we would have no way of assuring you that the range vent hoods will be effective or not.

The placement of the smoke detectors in the apartment we visited was located outside the bathroom area. The range vent hood, in my view, will do nothing to eliminate the problems caused by the steam from the bathroom area.

In summary, you will need expert advice as to the effectiveness of the range vent hoods. The Rochester Fire Department cannot make that determination.

If you have any questions, please contact me at 428 - 7037.

Sincerely,

Lieutenant Daniel J. Cavuoto

Dear Sirs

URBAN PARK APARTMENTS - FIRE ALARM SYSTEM

I am in receipt of your letter dated May 9, 1997 denying a request for a hearing regarding alarm permit #1800.

A check for $510 has been sent to the License and Warrants to pay the permit renewal fee.

This corporation believes we may have found a way to substantially reduce the number of "smoke" alarms by installing range vent hoods in each kitchen of the Hi-Rise

During my conversation with you on Thursday, May 15, 1997 you suggested that we install one range hood to see how well it would function.

Three range hoods have been installed.

Please contact me so that we may schedule an appointment to test the effectiveness of the range hoods in preventing normal cooking smoke from setting the building's fire alarm system off.

Yours truly

Janelle McClain

Re: ALARM PERMIT # 1800

Dear Sirs,

This corporation owns the Urban Park Apartments located in Rochester, New York. The Urban Park Apartments is a 254 unit low and moderate income housing complex.

We have had previous discussions with Lieutenant Daniel Cavuoto on the question of avoidable alarms and we were under the impression that the matter had been resolved.

On June 13, 1996, the City of Rochester sent a form letter regarding the alarm permit #1800, stating there were more than three avoidable alarms and the form Request For Administrative Review Of The Avoidable Alarms.

A letter dated June 20 ,1996 was sent to your office along with the Request For Administrative Review Of Avoidable Alarms form requesting a hearing regarding avoidable alarms. Enclosed for your information are copies of correspondence concerning the avoidable alarm issue .

This office received the alarm permit renewal application for the year ending April 30, 1998 with a renewal fee of $510.00

We again hereby formally request a hearing on this matter.

Sincerely,

Janelle McClain
Complex Manager

RE: Urban Park

Gentlemen:

On September 09, 1997 the Simplex fire alarm system in the above referenced building was tested and the equipment found to be in good working order, meeting the intent of the original plans and specifications. Copies of our test reports have been attached for your records, signed by our representative.

Installation checkout was performed by David Bardeen, Simplex Technical Representative and Cathy Lomrick for the purchaser. The installation is in compliance with NFPA codes 72A and 74.

As provided by Simplex's terms and conditions, the warranty and coverage period for the system will be as noted in the attached Simplex Building Systems warranty. However, as you are aware, the wiring is the responsibility of the contractor.

Simplex thanks you for your continued interest in our products.

Sincerely,

Patrick M. King

THE SIMPLEX HARDWARE WARRANTY

1. **Simplex Warranty Statement:**

Simplex warrants to the purchaser of new Simplex product(s) that during the effective period of the warranty such product(s) shall be free of defects in workmanship and material.

2. **Warranty Period:**

The warranty period will terminate immediately following the earliest occurrence of either of the following:

Building Systems

1) 18 months elapsed following shipment of any system or subsystem from Simplex to the customer site

or

2) 12 months have elapsed following the final connection operation and beneficial use of all or any part of the system

3. **Simplex Obligation Under the Terms of the Warranty:**

Simplex sales responsibility shall be to repair, adjust or replace at its option any Simplex product which fails during this period provided purchaser has promptly reported such failure to Simplex in writing. Replacement parts provided under warranty of products may contain used parts which are equivalent to new parts when used. Replacement parts will be warranted only for the balance of the equipment warranty. Simplex agrees to continue to honor all of the unexpired express warranties specified above on defective equipment after transfer of the equipment to purchaser's customer provided purchaser's customer assures the purchaser's obligations specified below.

Except for the express warranties stated herein. Simplex disclaims all warranties on products furnished hereunder including without limitation. All implied warranties of merchantibility and fitness for a particular purpose and the stated warranties are in lieu of all obligations or liabilities on the part of Simplex arising out of or in connection with the performance of the products. The seller shall not be liable for any direct incidental or consequential loss or damage to the purchaser or user of this equipment arising out of the failure of the equipment to operate in excess of the purchase price of said equipment.

Simplex makes no warranty and no warranty shall be deemed to exist that purchaser holds the goods free of the claim of any third person by way of patent infringement or the like.

4. Purchaser's Obligations under the Terms of the Warranty:

The warranty is contingent upon the proper installation and use of the product(s). Such warranty shall not apply if the product failure is the result of accident, unusual physical, electrical or electromechanical stress, elect, misuse, user programming errors, failure of electrical power, air conditioning or humidity control, construction dust, damaging foreign substance, transportation or causes other than manufacturing defect. Purchaser agrees to provide full and free access to authorized Simplex employees.

5. Warranty Service Hours:

Services provided under this warranty will be performed during 8:00 am to 5:00 pm Monday through Friday, excluding observed Simplex holidays. Off hours response is available as an extra cost service option.

6. Warranty Exclusions:

1) Labor, travel and mileage for:

   a) Service outside of Simplex normal business hours
   b) Program and/or label changes
   c) Failures due to external causes (lightning surges, construction dust, etc.) other than manufacturing defects

2) Electrical work external to the equipment supplied by Simplex or maintenance of accessories, alterations, attachments or other devices no furnished by Simplex

3) Batteries

4) Coverage of equipment classed as water flow/monitoring control devices installed in or on water piping.

Ms. Jannelle McClain
Urban Park Apartments
150 Van Aucker Street
Rochester, New York 14608

Re: ALARM PERMIT #1800:

Dear Ms. McClain:

After reviewing your request and the paperwork which you forwarded to me I have found that this is an old request that is being revisited.

In June of 1996, a Mr. James A. Dobson, who is/was the Managing Director of the Urban Park Apartments, requested an administrative hearing which was denied because the request was not made in a timely manner which is prescribed under City of Rochester Ordinance 27-5(G) (see enclosed).

I also received a letter of inquiry from you asking whether the ten (10) days, as is mandated in the City of Rochester's ordinance for requesting an administrative review, were "Calendar Days" or "Business Days". You were informed that the ten (10) days were "calendar Days" (see enclosed).

Since the avoidable alarms you are contesting are the same alarms which were contested previously (June 1996) your request to revisit them via a 1997 administrative review is hereby again denied. If you have any questions, please contact me at 428 - 7037.

Sincerely,

Daniel J. Cavuoto

Inter-Departmental Correspondence

TO: **Fire Marshal Reynaldo Tovar**

FROM: **Lieutenant Daniel J. Cavuoto, Special Inspections Unit**

SUBJECT: **150 VanAucker Street - Urban Plaza Apartments**

DATE: **March 19, 1996**

The following are the results of my meetings with the management personnel at 150 Vanaucker Street-Urban Plaza Apartment Complex.

March 5, 1996 Meeting:

I met with the following:

- Doctor Alfred Robinson, Director
- Janelle McClain , Complex Manager
- Monroe McTaw/Ensley Houston, Senior Custodians

The problem of their monitored apartment smoke detectors was discussed at length. I presented our statistics to them and it was agreed that a problem did indeed exist. The numerous alarms caused by the sensitivity of the monitored apartment smoke detectors and the effect it has on the residents of the apartment complex and the nuisance it has caused was discussed at length.

FILE

How to rectify the problem was discussed and it was agreed that we would meet again with the Simplex Alarm Systems personnel to review the various options and possible solutions to the problem.

March 11, 1996 Meeting:

The following were in attendance at this meeting:

- Doctor Alfred Robinson, Director
- Janelle McClain, Complex Manager
- Monroe McTaw, Senior Custodian
- William Wanton, Simplex Alarm Systems'Technician
- Angelo Lovullo, Paris-Kirwan Insurance Broker

A very lengthy discussion centered on the possible solutions to the alarm system problems at this facility. Mr. Wanton informed us that he could reprogram the alarm system to accommodate almost any alarm variation requested.

Doctor Robinson was very adamant that he was not going to agree to any solution unless he received a request from the Fire Department to change the present monitored apartment smoke detectors alarm program.

He also wanted a letter from Mr. Lovullo that the insurance company would not penalize them, by raising their premiums, and that the insurance company has no objection to the requested change.

Doctor Robinson wanted Simplex Alarm Systems to also give him a letter of assurance, however, Mr. Wanton informed Doctor Robinson that the alarm company would only be providing a requested change and therefore such a letter of assurance would not be provided by them.

I told Doctor Robinson that I would inform the Fire Marshal of his request that we would send him a written request to change reprogram their alarm system.

The reprogramming request per our discussions should be as follows:

If one apartment's Smoke Detector is activated only the building would go into alarm (Local Alarm). The delay of alarm would be for a period of five (5) minutes, afterwhich the alarm would then alert the monitoring company that the building is in alarm. The five (5) minute delay would allow for Security to investigate and if needed, call the Fire Department.

The building will always alert the monitoring company whenever two (2) or more apartments smoke detectors are activated, or whenever any other detector, other than the one (1) apartment smoke detector was activated.

The Local Alarm system would only be in operation for a specified time period, such as from 8 A.M. til 8 P.M. This would allow for the problem period and would then place all detectors in the monitoring stage during all other hours.

This is basically what was recommended to Doctor Robinson and his staff. Doctor Robinson informed us that upon receiving our requests he would have to meet with his Board of Directors, to approve same.

Doctor Robinson seems less than enthusiastic in making any changes in this alarm system and is adamant that written requests must be made if they are to be considered.

I would be glad to answer any questions you may have.

MEMORANDUM

TO: ALL RESIDENTS OF THE HI-RISE

FROM: JANELLE MCCLAIN

DATE: April 9, 1996

SUBJECT: SMOKE AND FIRE ALARMS

During the past few months there has been an increase in the amount of fire alarms due to "smoke from cooking". To reduce the number of alarms we ask that everyone:

1) Make every effort to monitor your stove while it is on.

2) Turn your ex-fan in the living room on before you start to cook.

3) Keep the oven, burner and drip pans clean and free of grease, which causes smoke.

4) If your ex-fan is not working, please call the office to report it so that it may be repaired.

5) Once again - make every effort to monitor your stove while it is on.

6) If you are sleepy "don't cook".

We are making effort to work with the fire Department and we ask that you make every effort to work with us.

FIRE ALARM PROCEDURES FOR SECURITY

1. CHECK ALARM PANEL TO SEE WHERE ALARM IS ORIGINATING FROM

2. BRING BOTH ELEVATORS TO THE FIRST FLOOR AND LOCK

3. HAVE THE OTHER GUARD USE THE STAIRS TO CHECK OUT THE FIRE ALARM (IF ALONE DO IT YOURSELF)

   A. IF THE RESIDENT IS HOME AND THERE IS NO DAMAGE - DO NOT CALL ANYONE.

      - WRITE A FULL REPORT

   B. IF THE RESIDENT IS HOME AND THERE IS DAMAGE OTHER THAN SMOKE CALL;

      ENSLEY HOUSTON
      JANELLE MCCLAIN - IF UNABLE TO REACH CALL
      JAMES DOBSON

      - WRITE A FULL REPORT

   C. IF THE RESIDENT IS NOT HOME, CALL IN THIS ORDER;

      ENSLEY HOUSTON
      JANELLE MCCLAIN / JAMES DOBSON
      BENFORD BAXTER
      ELMORE DOWDELL

      - WRITE A FULL REPORT

4. EXPLAIN PROBLEM TO FIRE DEPARTMENT WHEN THEY ARRIVE

5. THERE WILL BE TWO SETS OF KEYS FOR THE FIRE DEPARTMENT TO USE IF NEEDED

   - STAIRWELL KEYS - LOBBY DOOR KEYS - ROOF KEY

   THESE KEYS WILL BE KEPT IN THE SECURITY BOOTH

6. IF THERE IS A MAJOR FIRE, THERE WILL BE FIREMEN IN WHITE COATS, THESE FIREMEN WILL BE IN CHARGE AND ARE THE PEOPLE YOU WOULD BE WORKING WITH AND EXPLAINING WHERE THINGS ARE.

7. RESET PANEL AFTER FIRE DEPARTMENT LEAVES

8. IN B AND C ABOVE MS. MCCLAIN OR MR. DOBSON IN THAT ORDER MUST BE CALLED. THERE IS NO EXCEPTION TO THIS PROCEDURE. WHEN THE RESIDENT IS NOT HOME IMMEDIATE EFFORTS MUST BE MADE TO LOCATE SOMEONE TO OPEN THE DOOR. ACT QUICKLY TO ACCOMPLISH THIS.

Mr. Reynaldo E. Tovar
Deputy Fire Chief
Office of the Fire Marshall
Room 305, Public Safety Building

Dear Sir:

RE: URBAN PARK APARTMENTS - FIRE ALARM SYSTEM

This letter is responding to a letter sent by you recently regarding Code 27.1.

In the year 1992, a Industry recognized Hard Wire Smoke Detector System was installed in our High Rise Complex by a reputable Alarm System Company, Simplex Inc.

Detector Units were positioned in the apartments to function most efficiently and the system's sensitivity programmed to detect smoke at the minimum level that passed code.

The system violates no Fire Code. Our Management sends tenants letters periodically to be cautious in cooking to avoid grease fires and we pay special attention to those few cases where tenants are found to be repeatedly having smoke Fires.

The alarms are being relayed to the Fire Department because our system is functioning as designed, there is smoke or Fire when the alarm goes off.

We had two meetings with Lt. Daniel Cavvota and Simplex, the system installer, because of your complaints about the number of responses made by the Fire Department to Urban Park.

Our alarm system, as programmed now, has about a 60 second delay to be sure the signal it is receiving is vital, and the automatic alarm is then sent to the Fire Department automatically. It was suggested that this delay be lengthened, and that for a period of approximately five minutes the automatic features of this system be turned off and a staff person , during this time, make a decision as to whether the alarm should be sent in or not.

We feel there are flaws in making these changes, but we are not experts, and we asked that your Department give us some written details of exactly how this would work so that we could present them to our Board of Directors, our Fire Insurance Company, and HUD our Mortgage Holder.

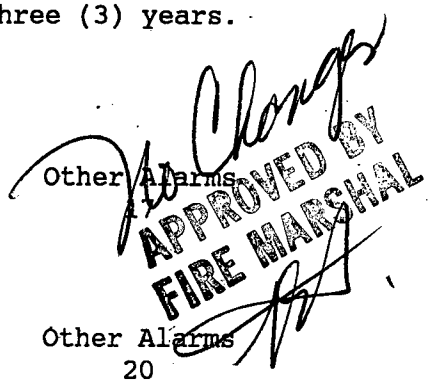
Inter-Departmental Correspondence

TO: Fire Marhsal Reynaldo Tovar
FROM: Lt. Daniel J. Cavuoto, Special Inspections Unit
SUBJECT: 150 VanAuker Street - Urban Park
DATE: February 22, 1996

As directed I reviewed the number and types of alarms involving this building. The following are my findings for the last three (3) years.



1993

Alarms	Burnt Food	Avoidable Alarms	Other Alarms
25	5	3	17

1994

Alarms	Burnt Food	Avoidable Alarms	Other Alarms
92	72	4	20

1995

Alarms	Burnt Food	Avoidable Alarms	Other Alarms
160	124	19	17

As you can see there has been a dramatic increase in alarms in this facility from 1993 to present. This is attributed to the change made by management of programing their alarm system to place the entire building into alarm anytime a smoke detector in this facility is activated. Therefore, when a smoke detector in any apartment is activated for any reason, the entire building goes into alarm resulting in a fire company response.

Prior to the new alarm programing, if any apartment smoke detector was activated only the building went into alarm. Security would then investigate, and if needed, would then call the fire department. The building would always go into a general alarm whenever two (2) apartment detectors were activated, or whenever any other detector, other than the one (1) apartment, detector, was activated.

I discussed this problem with Simplex Alarm Technician Philip Bailey. Mr. Bailey programed the alarm system in this facility and was very knowledgable of the present situation.

Mr. Bailey informed me that the smoke detectors have been placed on the least sensitive setting and there isn't anymore that can be done without changing to a different type of detector. A suggestion of alternate placement of the apartment smoke detectors was ruled out as it may defeat the effectiveness of the smoke detectors and there is no guarantee that it would solve the problem. There is also a cost factor involved.

Mr. Bailey informed me that he could program the alarm system in various ways which would alleviate this problem by delaying the general alarm, which is essentially returning to the past practice described in paragraph three (3). This is the best option in resolving this problem and is the norm in other facilities. However, we would have to request the alarm change which would probably mean that we would assume the responsibility for requesting same.

I discussed this matter with Ms. Jannelle McClain who manages this building. She informed me that any changes involving a cost factor is not an option that they could consider, nor will they accept responsibility for any changes we may request.

I also met with Battalion Chief William Curran and the crew of Engine 13, Group 3. They expressed great concern that the residents of this building are becoming desensitized to the alarms sounding in this building. It was also reported that the security guards have re-set the alarm prior to the company's arrival. They related to me that the residents are not following evacuation procedures and simply are not taking these alarms seriously because the alarms are so numerous.

I have discussed this matter with Lieutenant Robert Branca of C.R.E.U. He and I have flagged this unit and will do a follow-up. Barring any alarm procedual changes, education and scrutiny are our best options in attempting to keep the residents and staff aware of the importance of following fire alarm evacuation procedures.

Also, please note Battalion Chief Curran requested he be informed of our findings.

It is to be remembered that this is an old problem revisited as then Lieutenant Stephen McClary of C.R.E.U. and other staff members previously researched this matter. It is apparent that their ocnclusion was to leave the fire alarm procedures in this facility as is.

In summary, unless the fire department is willing to assume the responsibility by requesting the Urban Plaza to change their fire alarm procedures, my conclusion would have to be the same.

I believe we should discuss this matter. If you have any questions, please let me know.

RE: ALARM PERMIT # 1800

Dear Sirs

This corporation owns the Urban Park Apartments located in Rochester, New York. The Urban Park Apartments is a 254 unit low and moderate income Housing Complex.

Each Unit of the complex is "hard wired" for fire protection. The Hard Wire System was installed at a very high expense to this corporation. We believe that the system is the best with respect to warning residents of implementing fire related problems.

The system detects all fire related problems and automatically alerts the Rochester Fire Department. In every instance there is a potential fire problem. There are no avoidable alarms.

We have had previous discussions with Lieutenant Daniel Cavuoto on the question of avoidable alarms and we were under the impression that the matter had been resolved.

I am attaching two letters concerning our meeting with Lt. Cavuoto for your information.

We hereby formally request a hearing on this matter.

Yours sincerely

James A. Dobson

NOTICE OF VIOLATIONS

Janelle McClain
Urban Park Apts.
150 Van Auker
Rochester, New York 14608

October 16, 1996

PLEASE TAKE NOTICE that an inspection on October 8, 1996, at 150 Van Auker, revealed violation(s) of the Fire Prevention Code of the City of Rochester and/or the Codes, Rules and Regulations of the State of New York.

Orders are hereby issued for violation(s) to be corrected before or on October 30, 1996. Failure to comply with these orders will result in the issuance of a Municipal Code Violation summons for each uncorrected violation with the following penalties:

	INITIAL	FAILURE TO RESPOND
1ST OFFENSE	$ 75.00	$150.00
2ND OFFENSE	150.00	300.00
3RD OFFENSE	375.00	750.00

During this period, the property owner continues to be responsible and liable for any damages arising from the violation(s).
Relevant section(s) of the New York State Uniform Fire Prevention and Building Code (Title 9NYCRR) to wit:

1163.13(a) Water-based fire protection systems shall be inspected, tested and maintained in conformity with reference standard RS-57-6.
DOCUMENTATION SHALL BE PROVIDED TO THE FIRE DEPARTMENT THAT THE SPRINLER SSTEM HAS BEEN INSPECTED AND ITS OPERATIONAL.

Re: ALARM PERMIT # 1800:

Dear Mr. Dobson:

Your request for an administrative review of avoidable alarms had been sent to me for review. After reviewing same your request has been denied for the following reason.

Under Chapter 27-5 (G) the request for an administrative review must be made within ten (10) days upon receipt of notice of the fourth avoidable alarm occurring during a permit year. After researching the time limitations it was found that the ten (10) day limit was not met. The notices were sent out on June 11, 1996. The Post Mark on your letter is dated June 24, 1996 (see enclosed). Therefore under 27 -5(G) (see enclosed):

> The failure to give timely notice shall be deemed a waiver of the right to challenge the classification.

If you have any questions you may contact me at 428 - 7037.

Sincerely,

Daniel L. Cavuoto

Re: Alarm Permit #1800

Dear Ms. McClain:

In answer to your inquiry as to whether the ten (10) days under the City of Rochester Code 27-5(G), signifies, "Business Days" or "Calendar Days", I offer the following.

After reviewing the language it seems quite specific as it states (see enclosed):

..... "within 10 days after the date of notification to the alarm user" .....

It has been determined that the "10 Days" referred to in 27-5(G) does not refer to business days, it refers to calendar days. Thus, the request for review should have been received by us ten (10) days after notification. It was not and therefore our decision remains unchanged.

If you have any questions, please contact me at 428 - 7037.

Sincerely,

Daniel J. Cavuoto

Lieutenant Daniel J. Cavuoto

NOTICE TO USER:

The Rochester Police/Fire Department responded to an avoidable alarm at this location on the date shown above. This avoidable alarm resulted in an emergency response when in fact no emergency existed. Each year avoidable alarms take a large amount of Police and Fire Department time - time that may be needed for real emergencies.

Under the City of Rochester's alarm ordinance, alarm systems with more than three avoidable alarms will pay an additional $25 for each such alarm as part of the renewal fee. You will be notified by mail when you have had three avoidable alarms and regularly of any additional alarms. If you think that the alarms were unavoidable, you will be offered the opportunity of a hearing after the fourth and subsequent alarms.

If this alarm was not caused deliberately, negligently or accidentally, you may want to contact your alarm dealer to check your system.

If you have no permit for your alarm, a code violation ticket will be issued. If you do not get an alarm permit within 25 days of the ticket, the fine is $100.

For more information on the alarm ordinance and on this alarm, you may contact:

Police Section Crime Prevention Officer, _____,
or License/Warrants Unit at 428-6544 for police alarms; or
Fire Safety Division at 428-7037 for fire alarms.

RE:

DEAR SIR/MADAM,

ON JANUARY 27, 1994 YOU WERE SENT A LETTER STATING THAT THE WATER PIPES TO THE FIRE PUMP HAD BUSTED AND THAT WATER WOULD NOT BE AVAILABLE TO FIGHT A FIRE IN THE HI-RISE BUILDING AT 150 VAN AUKER STREET.

THIS LETTER IS TO CONVEY THAT THE PUMP HAS BEEN REPAIRED AND THAT WATER IS AGAIN AVAILABLE FOR USE BY THE FIRE DEPARTMENT IF NEEDED.

ENCLOSED PLEASE FIND A PHOTOCOPY OF THE JANUARY 27, 1994 LETTER FOR YOUR REFERENCE.

IF I MAY BE OF ANY FURTHER ASSISTANCE, PLEASE CONTACT ME AT 436-8800.

SINCERELY,

Janelle Y. McClain

RE: Urban Park Apartments

Tony;

I met with Kevin, your man, at the job site yesterday and showed him what we found. The aquastat controlling the mechanical room unit heater. was wired improperly causing the circut breaker to trip and its failure caused the fire pump housing and test valve to freeze and split. We are fortunate that this was the extent of damage.

The aquastat had power to the unit controlled by the open on the temperature rise terminals and also had a neutral wired to close on the temperature rise terminals. When water temperature reached set point on the aquastat it killed power to the fan motor, and sent power to the neutral wire tripping the breaker. Power loss was for an undetermined length of time but long enough to cause the freeze up of the fire pump equipment. I have to hold your firm responsible and request you to call me to see how we will handle the repairs (estimated to be $4500-5000.00) The apartment management have already asked me to call them because they feel it is our problem. Please call me as soon as possible.

Sincerely,

Guy Slack
Vice President

December 11, 1989

Jeffrey Hill
I. C. Housing Development
Fund Company, Incorporated
150 Van Aucker Street
Rochester, New York 14608

Mr. Hill:

The Rochester Fire Department has inspected your fire stairwells and we feel that your present situation preventing the reentry from the stairwells to the floors, other than the street level is a very unsafe condition that exist at 150 Van Aucker Street.

A stairwell in a building has the potential to accumulate a vast amount of smoke that could imperil many occupants. A reentry system built into your stairwells can prevent occupants from being trapped.

We appreciate the concerns for security within the high rise and we feel that a electro-magnetic lock releasing system connected to the fire alarm system can satisfy the security and the fire aspects of the building. The system enables the door to be locked in normal times, but in a fire emergency the door would unlock when the fire alarm system is activated.

The fourth (4), eighth (8) and eleventh (11) [top] floors according to your floor plan should be utilized for this purpose and these floors are to be identified as such.

Sincerely,

Lieut William J. Pettis
