NO. 169.

THAT RUPTURE WITH TURKEY NOT FINAL

Generally Believed That M. Constan's Energetic Move in Matter Will Overcome Sultan's Resistance.

HOSTILITIES MAY YET BE AVERTED

Sultan Is Ready to Face a War With France--Porte Has Ordered Three Hundred German Guns for the Defense of Ports.

Paris, Aug. 28.—Inspired articles in to-day's papers intimate that the rupture with Turkey is not final. It is generally believed that M. Constans' energetic move in the matter will suffice to overcome the sultan's resistance and that a rupture entailing hostilities will be averted.

SULTAN READY FOR WAR

Vienna, Aug. 28.—The Tageblatt's Constantinople representative says the sultan has declared that he is ready to face a war with France. The paper, says the correspondent, has ordered 300 German guns for the defense of Salonica and other ports, and has ordered the laying of mines in the approaches to harbors. The sultan, the correspondent asserts, plans defenses day and night.

PRESIDENT LOUBET'S SPEECH

Paris, Aug. 28.—President Loubet, as he was leaving Montellmar this morning, made a speech to the mayor and other municipal officials, in the course of which he referred to the coming of the czar and remarked that this "union" of the two nations was a surety of peace. He said the visit of the czar to Reims proves that in Russia, as in France, the union of two great peoples who are brought closer together by interests is a considerable sign of peace and proves that the government is undisturbed by the vicissitudes inherent to a regime of liberty, pursues and developments with wisdom and firmness the traditional policy of France.

The failure of President Loubet to announce that the czar would visit Paris has thrown the hotel keepers here into despair.

PRESIDENT'S SUMMER HOME

PROBABLY HE WOULD DECLINE ONE AT ATLANTIC CITY.

Washington, Aug. 28.—Enteringprising real estate men at Atlantic City, who are preparing to offer the president a summer home at their bustling resort, might just as well save themselves the trouble of the effort. Canton, O., is the only summer the present occupant of the White House cares for.

"Mrs. McKinley does not care for the seaside," said an attaché of the White House to-day. "She prefers her old home and her old friends at Canton to all the world. She has become somewhat attached to Washington from her long residence here, but will never listen to plans that are made to take her to fashionable seaside and mountain resorts."

DAVID NATION SPEAKS

WIFE INDUCED DAUGHTER TO MARRY SALOON KEEPER.

Toledo, O., Aug. 28.—David Nation is out again with a scathing interview about his wife, Carrier, the smasher. He says that she has squandered a great deal of money for him; that he has borne her abuse and meanness for twenty-five years and does not care what she does now.

"Her idea of divorce is only to marry again. That's not mine. The whiskey business now annoys her more than it did when she induced her daughter to marry a saloon-keeper. My idea now is to get rid of a wife of this kind, so when I get a dollar it will not go to support her."

FORESTERS REFUSED ADMISSION

Valparaiso, Ind., Aug. 28.—At St. Paul's Catholic church yesterday Father Moonech refused to allow a delegation of the Order of Foresters of America, acting as escort to the remains of Daniel Dally, a member of the order, admission to the church. The party was ordered off the church grounds. Nearly 2,000 people were present.

SEC. LONG ILL.

Boston, Aug. 28.—Just how serious is Secretary Long's illness no one here appears to know.

gun proceedings against the convicted army officer, his uncle, Lorenzo D. Carter of Oakland, Ill., and his brother, I. Stanton Carter of Chicago. The court also restrained the convicted captain's uncle and brother and N. W. Harris & Co., brokers in Chicago from disposing of or incumbering any of the funds said to be in their possession.

ROCHESTER'S BIG FIRE.

IN THE PLANT OF VACUUM OIL WORKS.

Rochester, Aug. 28.—At 3:30 o'clock this morning fire broke out in the plant of the Vacuum Oil works, situated on the east side of Exchange street, and covers several acres of ground.

An explosion was first heard this morning by the night watchman and immediately a great volume of flame shot up in the rear of the main office. Another explosion was heard, and it was evident that the huge works, now belonging to the Standard Oil company, was doomed. A general alarm was sounded. The buildings which comprise the plant are in danger of destruction. At 3:45 a. m. it was thought the loss would be confined to the three main buildings with a loss of about \$30,000.

TWO EXPLOSIONS.

Rochester, Aug. 28.—A fierce fire which illuminated the whole city broke out in the Vacuum oil works on Exchange street at 3:15 a. m. Two explosions followed the general alarm which made known to the firemen who were en route that they had a hot time before them.

The wind favored the firemen and kept the flames from the huge tanks of gasoline and petroleum which lay south of the burned buildings. By hard work the firemen confined the flames to the shipping room. The plant will be crippled for some time, but the loss is not over \$50,000.

NATIONAL FIRE CHIEFS.

THEY TESTED FIRE APPARATUS AND LIFE SAVING NET.

Indianapolis, Aug. 28.—The National Fire Chiefs to-day looked with critical eyes at all kinds of fire fighting machinery. The day started with the test of two metropolitan engines just received from Cincinnati.

The life-saving net, use of which at a fire in New York, May 7, saved the lives of twenty persons, three of whom jumped from the sixth story of a building and received no injury, was exhibited at the Grand hotel corner. A woman, Frances Gerard, jumped from an upper window of the hotel into the net. This evening there will be a band concert. The business session will be resumed to-morrow.

TO NAVIGATE RAPIDS.

Chicago, Aug. 28.—"The Fool Killer," the boat in which Peter Nissen, known as "Mr. Bowser," expects to navigate the rapids of Niagara river within two weeks, was launched late yesterday. Nissen navigated the rapids a year ago in the Fool Killer, but at that time he obtained his motive power from foot motion and the trial was not satisfactory. He has since supplied it with an eight-horse power boiler. He expects to spend some time in the rapids and hopes to be able to make soundings in the whirlpool.

PRESIDENT'S APPOINTMENTS.

Washington, Aug. 28.—The president has appointed W. R. Bingham of Kansas, consul general at Cape Town. The appointments of a number of army captains and lieutenants have also been received at the White House from Canton.

DISGRACEFUL PRIZE FIGHT IN MARIETTA, OHIO.

Marietta, O., Aug. 28.—AT a late hour Tuesday night a bloody prize fight was fought between "Eph" Johnson and "Bill" Ragland, colored heavy weights. The spectators were Marshall Jacob Dye, almost the entire police force and about twenty invited guests. The affair took place in an upstairs room of the building occupied as police headquarters. From beginning to end, it was a bloody battle and at the close of the seventh round when Johnson was declared the winner, both men were gory from head to foot.

Mayor Sykes is at Louisville attending the Knights Templar conclave and the affair was quietly planned to take place in his absence, the purpose being to keep it a secret.

NINETEEN YEAR OLD BOY.

CHARGED WITH THE MURDER OF HIS MOTHER.

Rushville, Ill., Aug. 28.—Harvey Tolle, aged nineteen years, is in jail here, charged with killing his mother, Mrs. Tolle, near Camden. Mrs. Tolle was instantly killed by a bullet from a revolver in the hands of her son, who claims the weapon was accidentally discharged. The coroner, however, charges Tolle with murder.

TILLMAN'S FRIENDS ALARMED.

Charleston, S. C., Aug. 28.—Friends of Senator Tillman are alarmed over reports that he may lose sight of his one eye. While riding on a train Monday to Spartanburg, a cinder lodged in Senator Tillman's eye, which was badly lacerated before it could be removed. An operation was necessary to relieve him.

TO RECOVER FUNDS.

Chicago, Aug. 28.—With the object of recovering some of the funds which Captain Carter was convicted of embezzling while in charge of the river and harbor improvements in Georgia, and harbor improvements has been

CARRIE NATION

Followed by Reporters Through New York.

SHE TALKS AS USUAL

Says Her Manager Will Not Let Her Use Her Hatchet on Saloons.

New York, Aug. 28.—An elderly lady walked quietly into the Victoria hotel this morning and registered "Carrie Nation, your loving defender, Kansas." Five minutes later a score or more of reporters were taken to her room and the "Kansas saloon wrecker" was soon telling of her crusades in the wicked west.

Mrs. Nation reached here at 9:30 a. m. from Baltimore, and will leave this afternoon for Cottage Corner, O., where she will lecture to-morrow. She will tell New York how bad liquor is on Sunday night, when she is to return here.

Mrs. Nation walked from the ferry to the hotel and only a few seemed to recognize her. Occasionally she stopped to deliver a few caustic remarks about the saloons she saw on her way, but she made no mention toward "hate-tation," as she styled it. Mrs. Nation said this had been her first visit to New York in eighteen years and she wanted to see a few of the "joints" on her return. The newspaper men gallantly volunteered to show her.

"I ain't going to tell you what I am going to do," she said, "but I have a hatchet. You see my manager won't let me smash as I might have to go to jail and spoil his plans."

She then told how she spoiled Topeka so that the inhabitants had to drink water. After delivering a few remarks about Governor Stanley of Kansas, for not pardoning her when she was in jail, she put on her hat and went out to see a few friends.

Following her, but keeping at a distance, was a squad of reporters, waiting to see if she would take a shot at any of the liquor emporiums.

Mrs. Nation, after visiting some friends, drove down to police headquarters in a cab and had a conference with Deputy Commissioner Devery.

QUEEN OF BEAUTY.

New York, Aug. 28.—Senorita Alfonso, who won the title of "Queen of Beauty" in the last contest at the Cuban capital under the auspices of Figaro, arrived yesterday from Havana. She was in charge of a former "queen of beauty," Senorita Alquin.

TROTTING MATCH OFF.

New York, Aug. 28.—The trotting match between Cresceus and The Abbott, scheduled for next Wednesday at Hartford, has been declared off. George Ketcham, owner of Cresceus, said he feared that in the event of the race

going against him he would not be given a return match and he has been released from the race by the Hartford management.

ASSAULT AMONG NEGROS.

BISHOP TURNER OF AFRICAN M. E. CHURCH INTERVIEWED.

Atlanta, Ga., Aug. 28.—"If after having branded their cheeks and provided for their being carried to Africa, the country will turn over to me all these criminals that they are burning, hanging and shooting, I will give the world another Rome or establish a country like Australia, which was founded and built up by English cut-throats and penal convicts."

So said Bishop Turner of the African M. E. church, in an interview with regard to the best manner of preventing the crime of assault among negroes. He continued: "I am as much convinced as ever that African emigration would be best for the negro and best for the white man. Our children are generated and nurtured under a malignant and misanthropic excitement that will wreck this country and make our civilization a by-word. Rather than shed so much blood, and possibly some innocent blood, you had better enact laws to brand these fools and scoundrels and crop their ears and banish them to Africa."

TIN PLATE WORKS.

RUNNING THREE TURNS OF EIGHT HOURS EACH.

Pittsburg, Pa., Aug. 28.—For the first time since the inauguration of the strike, the Star Tin plate works is running three turns of eight hours each on two mills. This would have been impossible but for the success of the management yesterday, and last night in placing additional men in the mill. The number of new men secured is estimated at from seven to sixteen. It is stated that they are sheet workers brought from Ohio points, but that a day's experience will enable them to successfully operate the tin mills.

Painter's plant, No. 5 hoop mill, which has not been operated for a year, is ready for work and will be started soon. The strikers maintain that the plant is not working as represented; that other than above stated, the early strike situation is reported quiet and unchanged.

IN FINANCIAL STRAITS.

GOVERNMENT CAN'T REDEEM HER PAPER MONEY.

Washington, Aug. 28.—Columbia is in great financial straits, according to advices received from merchants in Baranquilla. The revolution has cost over \$200,000,000 in the past two years, and as trade is paralyzed to a great extent by the government seizing the forty odd steamers on the Magdalena river and converting them into gunboats, the revenue received from commerce is comparatively nothing. The government is printing a great deal of paper money. In fact, the country is flooded with paper, and as the government is unable to redeem it, its value has greatly depreciated. Prices have increased, and there is great suffering among the laboring classes.

HOEY RE-ARRESTED.

SHERIFF DURNELL COMPLICATED IN CHINESE CASES.

Nogales, Ariz., Aug. 28.—Customs Collector Hoey was re-arrested on a second charge yesterday and released on \$4,000 bail.

Deputy Sheriff James Durnell of this place, one of the government's principal witnesses against Hoey, was arrested yesterday and is now in prison. He is supposed to have been complicated in the Chinese cases.

ROCKEFELLER WEDDING GIFT.

New York, Aug. 28.—Neighbors of John D. Rockefeller at Tarrytown believe that his wedding gift to his son when the latter's marriage to Miss Abbie G. Adrich takes place, will be a palatial house and extensive grounds near Mount Pleasant, a small village close to Tarrytown. For some time Mr. Rockefeller has been adding to his Mount Pleasant estate, and now owns about 2,000 acres of the finest land in Westchester county.

GIRLS ON STRIKE.

Springfield, O., Aug. 28.—Twenty two girls employed by the Ohio Cigar company are on strike and refuse to return to work until their wages are raised. The girls were hired, they say, originally at \$2.50 per week. Yesterday the management put them on piece work, allowing them seventy-five cents per 1,000 cigars. The girls ask \$1.50 per 1,000 and the matter has been taken up by the labor organizations.

STRONG TO WED.

San Francisco, Aug. 28.—In an interview published in the Japanese Daily Advertiser of Yokohama at the time of his arrival in the Japanese metropolis, Captain B. Bradlee Strong declared his intention of making Lady Hope his wife. He added that he expected to remain in Japan indefinitely and take up his residence in Yokohama.

EVANGELIST BETTER IS VERY MUCH WORSE

For His Slanderous Remarks Upon the Catholic Clergy and Others of Prominence of Zanesville, Ohio.

Zanesville, Ohio, Aug. 28.—Rev. Samuel G. Better, an evangelist, hailed from Yate, Mich., was set upon by a mob numbering 300 people while making a temperance address on the court house esplanade last night and nearly killed. He only escaped by the timely arrival of the police who charged into the crowd and rescued the evangelist just as a gang of mill workers appeared on the scene with a rope with which they threatened to hang him to a lamp-post. The mob could not be dispersed by the police and they followed the evangelist to the city prison, where Better was lodged in the cage room for safe keeping. Reinforcements were then sent for and after the police had cracked several of the ringleaders heads, the crowd dispersed.

Better, who is very radical in his views, was making a severe attack on the subject of intemperance and also started in to vilify the Catholic church, the preachers of the city and all the great men of the country. In forcible language, he attacked the city administration, Mayor Holden and the council and condemned the wide-open policy now in force here. In the middle of his harangue the crowd began to hoot and egg him. As soon as the supply of eggs was exhausted there was a volley of stones and sticks followed by a mad rush for the object of their wrath. Better was pummeled over the head and body and when the police reached his side he was almost insensible.

CORONER'S INQUEST.

INTO THE RECENT SUNDAY TRAGEDY AT SENECA LAKE.

Seneca Falls, Aug. 28.—The coroner's examination into the causes that led up to the tragedy Sunday evening resulting in the death of two men, has not developed any new features, but each of the witnesses have so far, told practically the same story, all of which goes to show that there was on previous ill feeling among the participants. In fact they were unacquainted with each other prior to that evening. It was simply a chance gathering of congenial spirits, and a combination of circumstances, trivial in themselves, which culminated in the tragedy.

The evidence goes to show that the examination of James Raife and Edward Coligan, charged with the murder of George M. Smelzer and Justin Appel, did not take place. The prisoners were remanded for examination on September 4th, one week from to-morrow as nothing could be done until the coroner gets through with his investigation.

Several witnesses were sworn at the inquest and there are several yet to be heard.

TROUBLE FEARED.

ATTEMPT TO START DEMMLER MILL MAY BE MADE.

McKeesport, Pa., Aug. 28.—In anticipation of an attempt being made to start the Demmler tin plate mill, a large crowd of strikers, newspaper men and policemen, surrounded the plant all night.

The report that such an attempt would be made, bore the stamp of authenticity and no doubt was felt that the effort would be made. The strikers were determined to prevent it, and all rallied to the support of the tin workers.

As the night wore away with no move being made on the part of the management of the plant, the report was circulated that 6 a. m. to-day would be the critical time. To-day arrived and still no attempt to start was made. The large crowd of strikers dwindled considerably, but a goodly number remained on guard. It is now thought the move to start the plant will be made some time to-day.

MORGAN, THE OWNER.

Philadelphia, Aug. 28.—Although Charles M. Schwab, the million dollar a year president of the billion dollar steel trust, sent a check for \$4,032,000 for the purchase of the Bethlehem steel plant it is believed by financiers here that the money was supplied by J. P. Morgan. Schwab is understood to be out of the deal now, and Morgan is looked upon as the real owner of the plant.

PARLIAMENTARY FUNDS.

London, Aug. 28.—Irish parliamentary funds are in the best condition they have been in for a long while. During the past session £5,500 was raised.

VICE PRESIDENT ROOSEVELT.

New York, Aug. 28.—Vice President Roosevelt left Oyster Bay at 8 a. m. on his western trip. He will spend twenty-four hours here with his children in

ROOSEVELT HOSPITAL.

will leave on the Pennsylvania limited at 10:14 to-morrow going by way of Chicago, up to Springfield, Ill., where he will review the Illinois National Guard in camp there. Colonel Roosevelt's children are much improved.

COLORED SERVANTS REVENGE.

HAS TIED UP AN ESTATE OF \$500,000.

Hartford, Aug. 28.—A colored servant's revenge has tied up an estate of \$500,000. The story became known yesterday when attachments were placed on some valuable property in this city. The attachments are a move in a suit brought by relatives of Henry Kennedy against his heirs, Mr. and Mrs. W. T. Pitkin of New York, who are charged by a former servant, Barnett Johnson, with suppressing a will of Colonel Kennedy, later than the one offered for probate. The Pitkins recently sued Johnson in foreclosure on a mortgage. He declared that he had been promised the mortgage would never be foreclosed if he turned over to the Pitkins certain papers left by Kennedy, including the original draft, the memorandum and duplicate of a will executed on February 24, 1899. Johnson declares that he gave up these papers in March, 1890.

All persons concerned in the case are prominent.

VISITED WALL STREET.

SENATOR DEPEW AFTER MORGAN FOR NICKLE LOAN.

New York, Aug. 28.—Senator Depew made his first visit to Wall street yesterday since his return from Europe. He "dropped in" several financial institutions of which he is a director.

To a reporter who asked him for a pointer regarding the important affairs that brought him into Wall street, he said: "The news of the day is that I am strapped. I spent all my money on my vacation and am shy car fare. I am going in here to see if my friend Morgan will lend me a nickle to get up-town."

CONSTITUTION DAMAGED.

WILL REQUIRE TIME TO COMPLETELY OVERHAUL HER.

Bristol, R. I., Aug. 28.—When the Constitution was hauled out on the Marine railway it was found that several planks on the under body were badly loosened and that the boat was seriously damaged. The condition is attributed to the blow received when the yacht struck on her course with New York Yacht club squadron, and to her grounding in Oyster Bay. It will require some time to thoroughly overhaul the boat.

ADVANCE IN FLOWS.

Chicago, Aug. 28.—The plow manufacturers of the United States, a large number of whom have been in conference during the last few days, have decided upon an advance of ten per cent in the price of plows and all plow repairs during the coming year. The present strike of the steel workers is given as one cause for the rise in prices.

ENGAGEMENT ANNOUNCED.

New York, Aug. 28.—A dispatch from Paris announces the betrothal of Prince John Ghika, son of the Roumanian minister at Constantinople to Miss Hassel Singer, daughter of Mr. and Mrs. Charles Singer.
