ALBANY, N.Y. 12231-0001

GAIL S. SHAFFER
SECRETARY OF STATE

STATE OF NEW YORK: DEPARTMENT OF STATE
BUFFALO/ROCHESTER UNIFORM CODE BOARD OF REVIEW

In the Matter of the Petition of: DECISION
Gary Stern
For a Variance or Appeal with Respect to the New York State Uniform Fire Prevention and Building Code PETITION NO.370-88-28

Upon the application of Gary Stern filed pursuant to 19 NYCRR 440 on July 22, 1988, and upon taking testimony and hearing argument thereon at a duly noticed hearing before the Buffalo/Rochester Uniform Code Regional Board of Review held at the State Office Building, 65 Court Street, Buffalo, New York, on December 8, 1988, and upon all other papers in this matter, the Board makes the following determination:

NATURE OF GRIEVANCE AND RELIEF SOUGHT

The petition concerns an existing three story building located outside fire limits at 274 N. Goodman Street, Rochester, New York. The building is of type 3 (heavy timber) construction, has a gross floor area of 270,000 square feet, and possesses a C1/C2 (mixed) occupancy classification. Petitioner seeks relief from the provisions of 9 NYCRR 769.1 which requires that a building which contains an atrium be of type 1 or 2 construction.

FINDINGS OF FACT

1. Petitioner's building is divided into four different sections. Section B consists of 41,000 square feet and contains C2 occupancy uses. Masonry walls providing a fire resistive rating of approximately three or four hours separates Section B from the other sections of petitioner's building. However, these walls include several openings, some without opening protectives. Petitioner proposes to create two openings in the second floor of Section B resulting in the creation of two atriums. Each atrium opening, spanning 2 floors, is approximately 30 feet x 70 feet in dimension.

2. Petitioner's building is equipped with a sprinkler system and a fire alarm system.

3. Petitioner has a history of poor maintenance and housekeeping practices with regard to the building in question. He has been cited for code violations by the City of Rochester and been assessed fines accordingly.

CONCLUSIONS OF LAW

1. The addition of openings in the second floor of Section B will add to the fire safety risks already existing in petitioner's building as a result of the lack of opening protectives at several openings within the masonry wall surrounding Section B, inoperative sprinkler system and fire hydrants, unilluminated exit signs, use of the building as a night club without proper approvals etc. (all indicated by Building Department of Rochester).

2. Both the sprinkler system and the fire alarm system existing within petitioner's building are required by the Uniform Code and therefore cannot be considered as alternatives to strict compliance with the requirements of

9 NYCRR 769.1. Petitioner has not proposed any other alternatives to strict compliance with the code's provisions.

3. The proposed new layout of Section B can be considered as the creation of a mall which would necessitate compliance with the provisions of 9 NYCRR 768.2.

4. Insufficient evidence has been presented by petitioner to establish any grounds sufficient to warrant the grant of a variance pursuant to 19 NYCRR 440.4(b).

5. The grant of the requested variance would substantially adversely affect provisions for safety within petitioner's building.

DETERMINATION

WHEREFORE IT IS DETERMINED that the application for a variance from requirements of 9 NYCRR 769.1 be and hereby is DENIED.

Furthermore, it should be noted that the decision of this Board is limited to the specific building and application before it, as contained within the petition, and should not be interpreted to give implied approval of any general plans or specifications presented in support of this application.

Chairman F. Robert Danni and members James J. Glanton and John Lauchert concur. **Member Sharon Porcellio took no part in the decision.**

So ordered.

Gary Stevens
Name

274 N Goodman St
Address

Inspection of premises located at 310-312 N. Goodman St reveals violations of the Fire Prevention Code. Orders are hereby issued for correction of hazards listed herewith on or before: April 18, 1989.

Failure to comply with these orders may result in issuance of Municipal Code Violation Ticket with following penalties:

	INITIAL	FAILURE TO RESPOND
1st OFFENSE	$ 50	$100
2nd OFFENSE	$100.	$200
3rd & SUBSEQUENT	$250	$500

Underground flammable and combustible liquids storage tank(s) discontinued from service to be removed from the site within ninety (90) days.

Dispensing unit(s) servicing underground tank(s) shall be removed immediately and all piping capped.

FPC 54-22J

A permit for removal shall be obtained from the Building Bureau and all work to be done by a certified contractor.

ROCHESTER FIRE DEPARTMENT — SUPPORTING DEPOSITION — CODE ENFORCEMENT/FIRE SAFETY

STATE OF NEW YORK COUNTY OF MONROE CITY OF ROCHESTER

DATE: July 14, 1988

DEPONENT NAME: RONALD SHILO **ADDRESS:** 150 SOUTH PLYMOUTH AVENUE
ROCHESTER, NEW YORK 14614
(716) 428-7037

DEPOSES AND SAYS:

DEPOSES AND SAYS:

I am a Code Enforcement Officer for the City of Rochester Fire Department Fire Safety Division.

On May 27th, 1988 I responded to Village Gate located at 274 N. Goodman Street in the City of Rochester at the request of Battalion Chief R. Graner and Quint 4 and Midi 4 for a problem with the PIV System. Upon arrival we met with Gary Stern, owner, and discussed the problem. A Notice of Violations was issued and Mr. Stern stated they would be taken care of within one (1) week.

Subsequent inspections on June 27th, 1988, July 5th, 1988 and July 14, 1988 revealed no work was done to correct the violations which existed.

I therefore issued an Appearance Ticket (0104010) accordingly.

NOTICE: Any false statements made herein are punishable as a Class A Misdemeanor to Section 210.45, of the New York State Penal Law.

WITNESS: Joseph Meccoli Jr. DEPONENT'S SIGNATURE: Ronald Shilo

I'm a Code Enforcement Officer of ~~the~~ City of Rochester Fire Dept the Fire Safety Division

On April 19th. 1988 I went to 274 N. Goodman St for a reinspection for a tank removal at 176 Anderson Ave. The order was issued Jan 13th. 1988. I talk with Mr. Joe Stern and he stated that they removed ~~Paul~~ the tank themself. Being that they ~~were~~ are not a Certify Contractor which is a requirment of the City Fire Code 54-12 D (2) I issued an appearance ticket.

Re: Village Gate Square
Completion - Fire Protection Work

Gentlemen:

Enclosed is a copy of a letter sent to Charlie Zelter on May 23, 1986 regarding the completion of work on the above referenced project. We are sorry that a copy was not mailed to you at that time and apologize for the oversight.

If you have any questions or require any further information, please do not hesitate to contact me at 325-5085.

Trusting the above meets with your approval, we remain

Very truly yours,

E.G. SNYDER CO., INC.

Dear Mr. Lamphron:

This letter serves to notify your office that the sprinklers here are presently under repair. On March 26th we contracted with E. G. Snyder & Co., Inc. to correct the problem with those sprinkler systems.

Enclosed you will find a letter from E. G. Snyder confirming this contract.

We trust that this work will be completed soon so that our building will be approved as having a safely operating sprinkler system.

Thank you for your diligence and patience in this matter.

Sincerely,

Katherine LaMay

Dear Mr. Plonczynski:

This letter serves to notify you that we will require your services for only one more month as of this date.

We have opted to do business with another company who has offered us service at a cost considerably lower than yours.

We thank you for your service and will await your final billing.

May I take this opportunity, Mr. Plonczynski, to ask that you send us a certificate of insurance (re: liability insurance company).

Thank you for your time and immediate attention to these matters.

Sincerely,

Jean Marie Sak

Dear Sir:

As per our conversation on March 25, 1986, we will proceed with the work on the existing fire sprinklers at your location as soon as our scheduling permits.

We appreciate your order and are looking forward to working with you on this project.

PREMISES AT: 274 North Goodman Street

TYPE OF INSPECTION Request
DATE ISSUED March 26, 1986

TO
Gary I. and Charles Stern
274 North Goodman Street
Rochester, New York 14607

NOTICE AND ORDER

PLEASE TAKE NOTICE that an inspection of the above property which is owned, operated or occupied by you has revealed that the property is in violation of the codes, laws and ordinances of the City of Rochester and the State of New York and that the existence of these violations endangers the public health, safety and welfare.

Included is a particular statement of the violations existing on the subject property, the State law or municipal ordinance which is being violated and the time within which each violation must be corrected.

A re-inspection of the subject property will be conducted upon the expiration of the time given to comply. If such inspection reveals non-compliance with this order, the Commissioner of Community Development shall take whatever legal action is necessary to compel compliance with this order, or to cause the cited violations to be corrected and assess the costs of such action to you as prescribed by the Charter of the City of Rochester. If you have any questions, please call the Inspector listed below.

BY ORDER OF THE COMMISSIONER

DATE OF INSPECTION March 13, 1986
INSPECTOR Charles Peterson

Jeffrey Levison 428-6522

ZONE: M-1, O-R
SECTION: 115-61

An inspection of the property at 274 North Goodman Street indicates that it is being used for habitable purposes in the first floor picture frame shop and in the room across from the fifth floor elevator. Section 115-61 of the Zoning Ordinance does not permit such use in this Manufacturing-Industrial District.

Therefore, the use of 274 North Goodman Street for any habitable purposes must be discontinued within thirty (30) days following issuance of this Notice.

If you have any questions concerning this Zoning matter, please call Murray Levison at 428-6522.

NOTE: This is in addition to Case #73519 issued February 26, 1986.

xc: Fire Marshall

Mr. Gary Stern
40 Evandale Road
Rochester, New York 14618

Re: Village Gate Square, 274 North Goodman Street

Dear Mr. Stern:

During the past year, on numerous occasions, portions of the sprinkler system at Village Gate Square on North Goodman Street have been found to be inoperative.

Under Section 1193.1a of the New York State Uniform Fire Prevention and Building Code, "Fire safety equipment including but not limited to fire extinguishing, fire warning and standpipe systems shall be maintained operable at all times and under all weather conditions except during regular repairs. The Code Enforcement official and the Fire Department shall be notified when such equipment is placed out of service, or placed back in service."

This office cannot allow this condition to continue. Therefore, you are hereby directed to upgrade all sprinkler systems at the North Goodman Street complex to eliminate future problems.

A Contractor's Material and Test Certificate certifying serviceability of all systems shall be submitted to this office within thirty (30) days upon receipt of this notice.

Failure to comply with this notice shall result in legal action being taken against you.

Special attention shall be made to Part 1193.1a of the State Uniform Code, requiring you to notify the Fire Department when such equipment is placed out of service or placed back in service.

If you have need for additional information or comment, please contact this office.

Yours truly,

Charles J. Lamphron

In the matter of the petition of

David R. Healy, Architect

for a variance to the New York State
Uniform Fire Prevention and Building Code

NOTICE OF HEARING
TO
FIRE CHIEF
PETITION NO. 247-85-28

Sir or Madam:

Please take notice that a petition for relief from the requirements for atrium construction within a structure of other than fire resistive or non-combustible construction has been received in this office. This petition involves a rehabilitated, four-story structure, with an atrium, of heavy timber construction, for mercantile and assembly occupancies, at 302 North Goodman Street, Rochester, New York, Monroe County.

Pursuant to 19 NYCRR, Part 400, a hearing on this petition has been scheduled before the Buffalo/Rochester Uniform Code Board of Review at 10:15 a.m., on Thursday, September 26, 1985, at 189 North Water Street, (first floor), Rochester, New York.

You may appear in person or by counsel and may have the privilege of presenting such witnesses as you desire. If you fail to appear, the hearing will be conducted in your absence.

If you are represented by counsel, Section 166 of the Executive Law requires your attorney to file a notice of appearance with this office and state therein whether or not he is being compensated for such advocacy. Direct inquiries to Raymond J. Andrews at (518) 474-4073.

TO: Chief Leonard Huether
Rochester Fire Dept.
150 Plymouth Avenue S.
Rochester, NY 14614

Sincerely,

Carl R. Sager
Director, Codes Division

RECEIVED
SEP 1 - 1985
FIRE CHIEF OFFICE

DATED: September 10, 1985

STATE OF NEW YORK
DEPARTMENT OF STATE
ALBANY, N.Y. 12231

GAIL S. SHAFFER
SECRETARY OF STATE

September 10, 1985

Chief Leonard Huether
Rochester Fire Dept.
150 Plymouth Avenue S.
Rochester, NY 14614

Dear Chief Huether:

RE: Petition No. 247-85-28

A petition for relief under Part 440, Title 19 NYCRR has been received by the Board of Review for the Uniform Fire Prevention and Building Code as indicated on the attached.

You have been identified as an individual interested in this petition. Accordingly:

1. You may review the petition in the Department of State Office in Albany, New York, or at the additional office(s), if any, given on the attached. Such review will be by prior appointment only. Call (518) 474-4073 for an appointment in Albany.

2. You may submit written comments concerning the petition up to the closing date for written comments given on the attached.

3. You may request and receive, if reasonable and appropriate, an extension of the period during which written comments may be submitted.

4. You may receive, subject to payment of shipping costs and copying costs, a copy of the complete petition.

5. You will be notified of the date and time at which the Board of Review will meet to decide this case. You may attend such meeting and if the meeting is held as a hearing, you may present oral testimony.

6. You may request a determination that you are an interested party.

7. You may request that the case be decided at a hearing rather than a meeting based solely on the written record. Such request should be made in writing prior to the closing date for written comments.

Please be aware that all correspondence will be available to the petitioner prior to any final decision in the case.

Sincerely,

Carl R. Sager
Director, Codes Division

Mr. Gary Stern
40 Evandale Road
Rochester, New York 14618

Re: Village Gate Square, 274 North Goodman Street

Dear Mr. Stern:

During the past year, on numerous occasions, portions of the sprinkler system at Village Gate Square on North Goodman Street have been found to be inoperative.

Under Section 1193.1a of the New York State Uniform Fire Prevention and Building Code, "Fire safety equipment including but not limited to fire extinguishing, fire warning and standpipe systems shall be maintained operable at all times and under all weather conditions except during regular repairs. The Code Enforcement official and the Fire Department shall be notified when such equipment is placed out of service, or placed back in service."

This office cannot allow this condition to continue. Therefore, you are hereby directed to upgrade all sprinkler systems at the North Goodman Street complex to eliminate future problems.

A Contractor's Material and Test Certificate certifying serviceability of all systems shall be submitted to this office within thirty (30) days upon receipt of this notice.

Failure to comply with this notice shall result in legal action being taken against you.

Special attention shall be made to Part 1193.1a of the State Uniform Code, requiring you to notify the Fire Department when such equipment is placed out of service or placed back in service.

If you have need for additional information or comment, please contact this office.

Yours truly,

Charles J. Lamphron

Charles J. Lamphron
Deputy Chief/Fire Marshal

3-8-84

For your information regarding 274 & 302 N. Goodman St. Geddes's Village.

On 3-6-84 Frank Eckert a fire alarm contractor come in to Building Bureau with fire alarm layout for both buildings. We went over the drawings and all seem to meet code requirements. He was going to go back with his bid for the contract to Mr. Charles Stern and if he accepts the bid he was going to come back to get a Building Permit for the installation by Friday 3-9-84.

On 3-8-84 I went to Geddes's Village to witness the testing of the new installation of the "sprinkler monitoring system" which went OK. This was installed under a permit taken out by Eckert Protective System Inc. Nov. 16, 1983

I talked to Mr. Stern at the Building Bureau concerning all the requirements for 302 N. Goodman Sprinklers a new standpipe, replacing sprinkler heads that have been painted over.

This is a change of use for this bldg. so I requested that fire Dep't connections be placed on the Street front of bldg. as required by Code They are now in court yard side of bldg.

Sol Montanarella has plans for restaurants at 302 Goodman annex bldg. & 2nd floor of 302 Goodman N.

Michael Stern Bldg.
87 N. Clinton Ave.

On 3-8-84 Mr. Ribson told me he has information from Foskin Ku of Community Delevopment that the Cuty of Rochester is trying to fore close on this Bldg. for taxes that have not been paid. But the city is having difficulty because the property is in bankrupcy. The matter is being taken to the City Manager and the Corperation Counciel to see what the Cuty can do about the legal matter and the violations the Bldg. has under Building and Fire Codes. Mr. Ribson suggested that the Fire Marshal maybe should force a vacant order on the building tenants, and that action would force some action. Please talk to Mr. Ribson on Monday's 10:30 meeting about all these building

Inter-Departmental Correspondence

To *Virendra K. Gupta, Coordinator of Plan Review & Bldg. Inspections*

From *Sal Montanarella, Associate Engineer-Structural*

Date *March 7, 1984*

Subject *274 Goodman St. No./Goodman St. Complex/Peddlers Village*

Building Type: *Mill building construction front portion - Type 3*
Non-combustible construction rear portion - Type 2b
Entire building sprinklered.

Occupancy: *C1 - Offices*
C2.2 - Mercantile

All permits on work completed to date and areas occupied have been obtained.

Items cited by the Fire Safety Office in their Notice and Order issued March 1983, to my knowledge have not been completed to date. Therefore, a Certificate of Occupancy cannot be issued.

Owner has stated that he will be in the week of March 5th with plans of the Fire Safety layout and obtain permit.

Entire building sprinklered.

Occupancy: *C1 - Offices/Professional*
C2.2 - Mercantile
C5.1 - Assembly/Restaurant

Plans for first floor consisting of two (2) restaurants and a book store have been submitted along with building permit application and fee as of February 8, 1984. First revision submitted February 26, 1984. After a preliminary review this office has requested additional and revised plans of first floor. These are to be submitted by Mr. Bob Monahan, architect, the week of March 5th.

Plans of the second floor have been promised by Mr. Bob Monahan for the week of March 5th.

Plans for fire safety layout have also been promised for week of March 5th.

LET'S MEET ON THIS IN THE NEAR FUTURE.

Inter-Departmental Correspondence

To Leonard Huether, Fire Chief

From Charles J. Lamphron, D/C Fire Marshal

Date March 2, 1984

Subject Mixed Occupancies

Sir:

This office has been quite concerned with several properties within the city that contain numerous occupancies and do not meet required codes.

87 N. Clinton Ave - Michael Sterns Building:
This is a seven-story, mill construction building. The building is slowly being sub-divided on each floor for small miscellaneous businesses. There are no proper fire-rated separations between tenants located on each level. The structure contains no alarm systems, no emergency lighting or no elevator fire-service.
The building is sprinklered throughout. No Certificate of Occupancy has been issued, for the present use.

274 N. Goodman St - Peddlars Village:
This is an ordinary construction building. A Notice and Order was issued, in March, 1983, to install a fire alarm system, and to date, it is uncompleted. Sprinkler protection was to be provided around the atrium area, according to the review sheet-No compliance at this date.
Sprinkler fire department connection in the rear area is missing, also a PIV valve is buried in the rear parking lot. Additional miscellaneous items ordered corrected are still in violation. No C of O was issued.

302 N. Goodman St - Peddlars Village Annex:
This is a four-story, Type A, concrete construction building, in process of being remodeled with no permit applied for, or issued. A first floor restaurant is about seventy-five percent, (75%), completed.
A second floor art gallery, and dance studio are one hundred percent, (100%), completed and have been operating approximately three, (3), months. The sprinkler system in the building is not operational.

RECEIVED
MAR 2 1984
FIRE CHIEF OFFICE

continued;

No alarm systems are approved or installed. Required standpipe system is not installed. All work is being done without permits. No C of O has been issued.

These building have been cited and referred to the Building Bureau and Property Conservation for corrections.

There seems to be no support from those areas to enforce compliance of the codes. It has been noted, that the owners of the properties have stated that they would vacate the buildings and take them off the tax rolls, if compelled to correct violations. This may have a bearing on the slow progress we have encountered.

A meeting between your office and the Commissioner of Community Development may possibly help in breaking up the "log jam".

The continued alterations to these structures without the required and necessary safeguards, may result in a disasterous occurrance with the possible loss of life to the unsuspecting public.

To allow these conditions to continue to exist, without an attempt to correct the problem, encourages further snubbing of authority through code violations, causing additional life-threatening situation and places this Department in the position of an accomplice in a future disaster, by ignoring the situation.

At your convenience, we would be available to discuss the problem and possible solutions.

Respectfully submitted.

Charles J. Lamphron

Re: Peddlers Village
274 North Goodman Street
Rochester, New York 14607
442-9168

Dear Sir:

I am writing to you because of concerns that I have about fire safety at the new Peddlers Village, which I visited a few days ago. As you may new, this is a new antiques mall which has been built in a referbished old, brick and wood building on Goodman Street.

As I walked through the building, I was struck by the fact that many persons there were smoking, both patrons and sales staff as well. In my view, it is quite inappropriate and dangerous as well to allow smoking in such an old building. Have you inspected this building and decided that smoking is appropriate? If you agree with me that smoking would be dangerous and unwise, I would like to request that you demand that NO SMOKING signs be posted conspicuously throughout the building, and that these regulations be enforced by regular compliance inspections.

Please let me know what you decide in this regard.

Sincerely yours,

Donald Banzhaf

Donald Banzhaf, M.D. 232-1670
